

PRESIDENT'S REPORT

We head into March and are ready for a 'Full Swing' of events — both on and off the course. The next 2–3 months are some of the busiest of the year and I am convinced we have the team to deliver awesome experiences that will make our members proud.

In February we had the first round of Course, Match, and Finance Audit and Risk (FAR) Committee meetings. We are very fortunate to have great people, who have put their hands up — and then been elected by the membership — to lead our club. I particularly enjoyed the recent FAR meeting, which was 2 hours of focused planning and review of the first quarter FY24. I am pleased

to report that early indications are positive, and this is the result of some of the changes you may have seen in and around the club over the last couple of months. I was a little shocked to confirm the club spends over \$28k a year on Credit Card surcharges for people who pay by CC or PayWave. The club are reviewing our position on passing on these charges to members and guests. We are also considering a New Member Joining Fee; we have had exceptional growth in membership post-Covid and we need to ensure we have processes in place to make sure the quality of member experience remains at the highest level. The other changes include new staff in the Café (Welcome Bruce), the Golf Shop (Welcome Hannah), and in the Greens team (Welcome Andrew). You may have also noticed the big focus on engaging through our social media channels, which are now up-to-date and full of great content. I encourage anyone who has Facebook to 'like' and 'follow' the new 'The Manawatu Golf Club' page. For those even more tech savvy, follow MGC on Instagram. Far from being a young person's domain, I was fascinated to see the demographics of our Instagram followers — this showed 20% of the followers were over 55!

DW I have FOMO need to get on to IG, LOL! Translated from Insta language this means, 'Don't worry, I have a fear of missing out and I need to get on Instagram, Laugh out loud.'

The course is still in outstanding condition, and I know the team are working hard to build toward the Brian Green Property Group Super 6's (April 3–7). Speaking to Kiel, they have some really exciting ideas to make the course look stunning for the week of the event and for members before and after. I believe the Pro Am — with the new format — is all but sold out, with 3 Hole sponsorships remaining. I'd encourage the entire membership to come down at 4pm on the Pro Am day to watch the

CAFE NOW OPEN MONDAYS!

COME VISIT US

PRESIDENT'S REPORT

top 7 Pro golfers play the Super 6 Holes in an elimination shootout! This will be quite a spectacle.

Before the Super 6's, we host a number of feature events. I am really proud of the contribution our club makes to our community, and hosting these events is part of being part of the community. The Rural Games Event on the 7th of March, The Doug Muir 9 Hole Tournament on 24th of March, and our biggest event of the year — The Michael Higgins Memorial Golf Day — all contribute so much to our community. Over the course of the year, the fundraising events we facilitate raise over \$200k for the community — as President, this makes me really proud of our club.

I am looking forward to Monday — the Hokowhitu Café is opening Mondays from March to May. This is a great excuse to have meetings at the club or catch up with friends to start the week. I am also eagerly anticipating the usual drama around the McLennan, which has just commenced. I can confirm it is spelt McLennan (not MacLennan or McClennan) as it is named after JR McLennan who donated the trophy in 1919. For the first time in 105 years, we have over 90 entries for this event. From March to June, 91 pairs (182 desperate men) will battle to lift one of the most prestigious trophies in the club. I believe the number of entries reflects a strong and engaged membership — this is also something we can all be proud of.

Juniors and Beginners are very welcome at MGC. Our Golf Shop team are doing a wonderful job of introducing golf to new players and new members. I do want to take the opportunity to make our membership aware of how some of our new and beginner golfers are feeling when they play on the course. I have heard a couple of reports that concern me — these include Juniors and Beginners being hit up on, hit over, being sworn at, and even feeling threatened and made to not feel welcome on their own course. That is not the type of behaviour that has made our club great. We were all Juniors or Beginners once ... and some of us haven't progressed very far.

We can all probably remember feeling intimidated or trying our best to avoid embarrassing ourselves on the course, and the last thing these golfers need is some of our members pressuring them — or worse. Our Club code of conduct clearly states

expectations around Course behaviour and this is 100% supported by the Full Committee, and by me personally. I know for sure this is a very small minority of our fantastic membership, but I also know for sure that this type of member behaviour will not be tolerated.

Thanks to all for your support in ensuring the message gets through — Juniors and Beginners are welcome!

I'm looking forward to the weekend — I'm playing in the Road to NZ Open and I can feel something special is coming

Your President,

Brent Cawthray

Above: Well, something special did indeed happen....Brent's 43 points won the Craigs Investment Partners Road to the NZ Open on Saturday. Thanks to Andrew from Craigs Investment Partners for presenting the prize.

Brent's 43 points will definitely be one of his 5 counting scores through the Craigs Investment Partners Road to the NZ Open event, played on the 1st Saturday of every month this year.

Well played, Brent!

GENERAL MANAGER'S REPORT

It is exciting to start the year with a clear focus outlined in our Operational Priorities. Each month I report to the FCC on progress toward achieving our Operation Plan for FY 2024. For members who are interested in seeing how we — as a club — are tracking toward our goals, below is a progress report after the first quarter of FY24.

[A summary of our progress working toward those Operational Priorities can be found here.](#)

As a club, we can be really proud of the progress highlighted in this report. I would like to thank all staff, committees, and the wider membership for their support and contribution to this progress.

We are looking at two areas of the course and club which have the potential to be developed for the benefit of the membership. The areas are 1. space in the basement where the carts used to be stored and 2. the area between the 3rd and 17th holes. If you have ideas of potential use for these areas, please do email me — all ideas welcome.

The leading proposals put forward to the course committee for the use of the land between the 3rd and 17th holes are:

1. The development of a club vege garden and native tree nursery (and possibly a Xmas tree nursery).
2. The development of a short course/golf holes for junior/beginner/corporate golfers.

Other options are welcome and will be considered by the course committee.

The above consideration is part of a wider discussion on course and club development. There are many great ideas floating around about what our course should look like. With lots of ideas, and many people leading discussions, we risk very little getting done.

The process for bringing these ideas together is outlined below.

In consultation with the Match Committee, Course Committee, and FAR Committee, I have been asked to present a plan to the FCC for what we would like the Manawatu Golf Club to look like by 2030.

This draft plan would then be:

1. Presented to the FCC to be considered, discussed, and added to, to the FCC at (March/April FCC meeting).
2. Shared with the Membership in April for consultation and feedback, with feedback sought via the annual MGC Survey in May.
3. Once this feedback is considered by the FCC, the 'Draft Plan for 2030' is finalised by the FCC. The club could then consult with course architect Grant Putticombe (or an alternative suitable course architect) to develop a concept plan.
4. June–August the concept plan is operationalised, prioritised, and budgeted with dates and goals decided upon to achieve the vision. If there are parts of the plan that can be started before August 2024, they can and should be.

This plan could include (but is not limited to):

- Realignment of the 9th Hole
- Design of the new range (enclosed and using the best technology)
- The development of a teaching hub as part of the new range
- The provision for virtual golf and the potential corporate and club benefits
- The irrigation plan
- The cart path plan
- The development of the land between 3/17
- The possible development of a Club Vege Garden
- The possible development of a Club Tree Nursery (commercial and/or native)
- The consideration of a short course set up for juniors/beginners/corporates.
- The possible development of the land between 1 and 2 including the development of a proposed wetland/lake area.
- The possible use of the land to the west of the 8th hole

Ideas and initiatives from the FCC and wider membership are encouraged during the consultation period and may be added to the above list.

Staffing

As you are aware we have made some important

GENERAL MANAGER'S REPORT

appointments in our Café team to ensure we can achieve the goals set in terms of improved service and quality of product.

This team (led by Nikki in the Kitchen and Bruce as Restaurant Manager) have had a great start to the year. Feedback from the recent wedding, events, and corporate days, and from feedback from members, show the team are performing really well. As well as service and quality, the other important measure is profitability. Dec/Jan is giving us cause to be quietly optimistic — but we are very early in that process. When members have feedback, please give it to Bruce (cafe@manawatugolfclub.com) or Nikki (caterer@manawatugolfclub.com). I am also always happy to have formal and informal feedback about our team and the service we provide members and guests.

On March 4th our new Greenkeeper Andrew Boyle, joined the team. Andrew has most recently owned his own lawnmowing and gardening franchise, but before that has over 30 years of experience as a qualified greenkeeper. This includes 17 years at Morrinsville Golf Club and 17 years at Mercury Bay Golf Club. Kiel and I were very impressed by Andrew through the interview process, and we hope he makes a big contribution to the team. In terms of qualifications and experience, he potentially adds a lot to Kiel's young team (3 x apprentices + Ian).

The Hokowhitu Café will open on Mondays from March 4th. We are committed to this trial March–May. The flow of customers was steady today and we plan a number of incentives to promote Monday conferences and functions, as well as the traditional great cabinet food and good coffees. Speaking of Coffees, thanks to Simon and the team at Arrosta, who recently provided a great staff training day for our baristas, both new and old. (New being VJ, who we are letting loose on the machine at certain times of the week!)

The development of our social media platforms has been a priority for over 12 months. Access to Facebook and content and engagement on FB and Insta has been greatly improved over the last 2 weeks and is an indication of where we want to be — our team are working hard to up our game. Once this 12-week social media focus is completed, the

website and its effectiveness is the next priority. If you have not already, please like and follow 'The Manawatu Golf Club' on Facebook.

There is lots to digest and to be excited about in this monthly update. This, along with the plan for 2030 and the 2024 Operations Plan, certainly give me plenty to focus on in March and throughout the upcoming year.

And finally, I've just returned from volunteering at the NZ Open in Arrowtown. It was a wonderful experience that I would recommend to any member ([register here](#)). MGC had a fantastic representation — 9 members were part of the 500 strong volunteer team at Millbrook. Chrissy Rose leads the transport team and is in charge of 40+ vehicles and transporting 2000+ people each day. The courses at Millbrook and The Hills were breathtaking and their greens were almost as magnificent as a course I like to play in Hokowhitu!

Thank you for your support as we work toward our aspirational goals.

WOMEN'S GOLF - MESSAGE FROM THE WOMEN'S CLUB CAPTAIN

Mad March has arrived, and I think that is because we are now certainly into work/golf mode.

February saw Saturday's Opening Day start a week late due to the extremely wet conditions. Five players started and managed to get 9 holes played before the greens were completely under water. This is where the wet weather gear and the hair dryer in the locker room is tested. It did give the 18-hole women a chance to have lunch with the 9-hole golfers, so not too bad a day. Rebecca Hopper rallied around and rejigged Opening Day to the following Saturday and everyone was a lot happier in their pink. You would have seen this on Facebook possibly...

Funnily enough, the Tuesday women were also on the pink theme for their Opening Day, as you can see below.

Women's pennants have started, and various match play cups will be underway shortly. Don't forget to get your name on the lists in the locker room for these. If you are not sure what is involved, ask Rebecca Hopper for Saturday matches and Sue Spiers for Tuesday matches.

Monday Pennants played their first round at Rangatira with a good 7/1 win against Castlecliff. The second round at Castlecliff against Palmerston North was not so good, losing 6/3. We are very fortunate to have the use of the club van and trailer so the team can travel together.

Our Weekend Pennants team have played two rounds, accumulating 3.5 points and sitting 4th, but only 1 point away from the leaders. So, with five more rounds to go there is plenty of time to move up the board.

We have two Championship Pennant teams — Red and White. Round one is completed and although we are at the bottom of the table, it is always good to have the challenge of match play golf.

It is the start of club's Open Days for women, and these are run in conjunction with "The Race to the Shield." This is where every club that has at least one person playing earns 1 point. The top Stableford winners also earn points for their club. Manawatu won this a couple of years ago, so it may be time to get out and enjoy golf at other clubs. The next Open Day coming up is at Pahiatua on the 7th of March. Information is always posted in the locker room, and you can either enter yourself or write your name on the list, so players can travel together, and we can send the entries in.

Coming up in our golf programme is the National Teams qualifying rounds on Saturday 9th and Tuesday 12th March. This is an LGU round (so putt out) with the best 4 net cards qualifying for the final on 26th April at Wanganui. There is a \$3 cost, which goes to the district for prizes for the National Teams final. If you are a 7-day member then you may pay \$3 both Saturday and Tuesday if you want to double your chances of qualifying.

WOMEN'S GOLF - MESSAGE FROM THE WOMEN'S CLUB CAPTAIN

The other extra golf competition in March is the Nancy McCormick Memorial Foursomes. This is played on Tuesday 26th March and is 36 holes foursomes (alternate shots). This is open to all 18-hole women golfers so if you are keen, put your name on the list with a partner or we can find you one. You may use a golf cart if that helps! It is one of those days where positivity is the name of the game!!

Enjoy your Easter time and I'm sure many of you will be helping and watching the Brian Green Super 6's in early April. This is also an opportunity to get together and play golf at another course while our course is busy.

An early heads up for our annual Autumn Mixer on Sunday 14th April. An opportunity for our women golfers to get together, regardless of whether you are a 9-hole member or 18-hole member and play some fun golf. Look out for the notice coming your way or just let your convenor know you are keen.

Deb Archer - Women's Club Captain

MIXED NINE HOLE NEWS

It has been great weather for golf this month, encouraging good numbers of golfers to enjoy our lovely course.

Competitions are now beginning for the year. The draw is being done for the Walker/Georgel tournament. Good luck to all those pairs taking part.

Palmerston North is hosting their Open Day on Monday, and there are a good lot of participants from Manawatu — Go Manawatu!! We are hosting our Round Robin in March; Levin have their Foursomes Tournament; and Marton's Open Day is on 4th March — entry forms are on the wall in the cardroom.

We had a Roadie to Pahiatua on Thursday with a good number of golfers. There was a lovely morning tea supplied by the Pahiatua ladies and the course was pretty good considering they have a water problem and can't water their course except watering the greens with a hose.

The overall winner was Kay Georgel and the Macdonald Trophy winner for best Stableford was

Sue Chard. Well done, Sue — a good start for your first Roadie. We finished off the day with a late lunch at Hill Top on the way home — a great day! Thank you Murray for your organisation once again.

Some of our players have taken the opportunity of Hannah's lessons and are really enjoying them.

Don't forget entries are open for the Doug Muir Memorial Tournament, which is to be played on Sunday 24th March. Everyone is welcome — if you have friends from other clubs who would like to take part in this, please get them to enter a team — all proceeds go to the Rescue Helicopter.

I'm off to Queenstown to the NZ Open next week to see if I can pick up any tips. Good golfing everyone, and long may this weather continue — just with a bit of rain at night.

MESSAGE FROM THE CLUB CAPTAIN

As we head into the second month of our 2024 season it is fantastic to see so many members wanting to participate in competitions. There are over 45 members playing Pennants for the club, 90 attempted to qualify for the 64 positions in the B&A and Watson Cups, and some 90 pairings for the McLennan Cup — the most in recent history and certainly the last ten years. That says to me that the club is in good heart and members are very keen to participate this year.

With so many competitions going on at the same time, it is important for members to firstly check who they are down to play and when the deadlines for each round are. Draws are displayed in the card room for your convenience. Please make early contact with your opposition to establish suitable playing dates and times. Remember the rule — there are to be no extensions of time.

It follows then, with so many matches being played and the large number of members wanting to play on recognised competition days, we need to ensure we play our games within acceptable time frames, i.e. as close to 4 hours for a round as we can.

To do this, I think there are some easy things we can do to help this process:

1. Make sure you are at your designated starting tee in plenty of time. As a general rule, if you are there watching those teeing off in front of you, you are in good time to swap cards, toss a coin, and get yourselves ready for a timely tee off.
2. While playing your round, if you are the first due to tee off, why not walk up to the tee and play your shot, then mark your card afterwards for the hole previously completed. It helps to keep your four's momentum in the field.
3. If you find yourselves trailing the four in front of you, how about agreeing upon playing "ready golf". That means whoever is ready to take their shot does so. Rather than waiting in turn. You don't all have to stand around waiting for all of you to putt out and then meander off the green.
4. In the event you have lost a lot of ground and the group behind you are constantly waiting, then you are bound to consider letting them play through.

5. If you are not sure how your pace of play is going, if you look at the right-hand side of your card, you should see times that are recommended for teeing off at each hole. Use these as a guideline.

Now, I'm not saying you have to abide by all of the above — rather, they are suggestions which you may want to consider. There will always be that time when someone has a bad run and loses a couple of balls and time delays occur. But, if you think about the above, I'm sure it will help. I have no doubt some of you will have other good suggestions on this topic and you are encouraged to share them with other members (in a friendly way please).

Think about this, if you saved 60 seconds per hole by being focussed, that adds up to 18 minutes for your round.

I note that everyone planning on entering the Imlay Saunders Cup, the clubs annual Ladies and Men combined competition, should do so by the 24th of March, so get your teams together and enter your team on the sheet in the card room.

Finally, I wish all of you the very best of luck with your various competitions. Play hard and play fair.

Dave Boswell - Club Captain

Right: Congratulations to Malcolm Neall who beat Dave Boswell in the final of the MGC Men's Summer Singles competition.

Malcolm is holding the Nolan Rosebowl trophy, which has been played for since 1960.

MANAWATU GOLF CLUB

GOLF SHOP NEWS

Hi everyone. I hope you have all had an enjoyable February out on the golf course.

Alan's P.A (Steph) is writing this month's golf shop article while he and Tim (along with MGC member Ryan Rooney) are having a good time in Queenstown playing in the NZ Open Monday Qualifying event at Cromwell Golf Club. It sounds like they enjoyed the experience and there was some great golf played — however, both Alan & Tim are heading back to the shop as unfortunately neither took out the winning qualifying spot! Austin & Tristan were excited that their Dad was actually playing in a tournament —

Alan hasn't played a competitive event in almost 10 years — and they were pretty impressed with his 5th place finish (...maybe they'll listen to his coaching now?)!

Farewell to Guy:

At the end of March, we will be saying farewell to Guy. Guy has been our shop assistant for a number of years and we thank him very much for his service. We will be sad to see him go. Guy is moving to New Plymouth with his partner — we wish them all the best on their new adventure. Guy's last day in the shop will be the 24th of March, so make sure you pop in to say goodbye before he leaves.

MGC Junior Performance Academy:

The Manawatu Golf Club has restarted the Junior Performance Academy for 2024. Here are our members who have been selected for the 2024 Academy — Ryan Block, Jack Clarke, William Dunsmore, William Grieve, Mea Hohepa, Zara Lynch, Grace Manson, and Liam

Southall. Each of these young golfers went through a tough interview process and from there, they were chosen to be part of this great opportunity to further their skills.

Mizuno Fitting Day:

We are holding a Mizuno Fitting Day on Thursday 7th March. Please contact the golf shop to book a time.

Just remember, if you have any questions regarding your game, please don't hesitate to ask us. We are here to help! **Your Golf Shop Team - Alan, André, Tim, Brydie, Guy, Hannah, & Corbyn**

COURSE NEWS

As we head into Autumn, it feels like we have had a great summer — it has been a lot drier than the past few years.

Firstly, I want to thank all the members who put their hands up to volunteer throughout the year. Clubs can't achieve greatness without the help of volunteers, and we appreciate you.

We have had a few issues with the irrigation system, but the filter has helped with things. The temperatures and humidity that we have been getting creates a lot of disease pressures. As a course manager, I have been trying to minimise the number of chemical applications throughout the year. Doing this does cause some areas to suffer, just remember things do come back.

In the past month, we have rebuilt the 3rd orange tee. This is one of our team member's projects for one of his assignments. This should be in play mid-March. New turf has been laid where the broken irrigation holes were. We have verticut the greens and tees to remove some organic matter and lateral leaf growth. We have solid tined the greens also. Stumps on the 3rd tee are all being removed, which will help manage the area as well as give us room to develop plans. In the coming month, we will be building up to the Super 6's. This means more cutting, cleaning of areas etc, as well as working on the bunkers, topping them up, tidying the edges and cleaning of weeds. Something I wish to keep moving forward is the Working Bees. I believe it is a way for those members who want to give back to the club in other ways to do so by helping.

We have employed a new staff member, Andrew Boyle, and he begins on the 4th of March, so please make him feel welcome and say hello. Kyle and Daniel start their apprenticeships on the 4th of March — we wish them well on their journey. Matthew Pretious is about to move forward on his 2nd year study. Matt has achieved Year 3 Sports Turf Management, which is a great achievement. The Greenkeeping team has a great dynamic, and with this we all have an ambition to grow the club.

The greenkeepers wish all members and visitors well in the coming month of golf. Thank you to those who repair their pitchmarks and those of others. Also, thanks to those who replace their divots. Please continue to use carts as the rules allow.

Kiel Stechman - Course Superintendent

Above: This is a disease in the turf. This is called Anthracnose. Poa Annua is the most effected grass; Brown Top is not affected in N.Z. This disease is stress related, so warm temperatures combined with slow growth is favourable for this.

Above: This shows work on the stump area. We are hoping to burn a lot of the stumps and roots.

Below: This is the right of the 17th fairway. Thank you to the members who use our practice facilities rather than the course — if you do see this, please report it.

NEW MEMBERS

The Committee would like to confirm the acceptance to the Club of the following new and returning members who applied in January 2024.

7 Day: Cameron Jack, Paul Lanceley, Mark Nixon, Blair Smallbone

Under 30: David Braddock, Levi Brown, Ueroa Ngarewa, Arana Noema-Barnett

Under 25: Adam Boulton, Reuben Goldingham Newsom, Louis Hancock, Anthony Ilton-Maher, Sam Phillips

9 Hole: Peter Cho, Dave Crowley, Victoria Hatton, Brendon McCreedy, James Reynolds, Hee Ja Seol, Hiroko Yamasaki

Full Jnr: Zara Lynch

Restricted Jnr: Jacob Booth, Louis James, James Marshall, Fergus McKellar, Luke Radford, Sera Raj, Nikau Sands, Oscar Smith

Social: Brendan Clare, Ross McKellar, Gregory O'Connor, Norman Rapson, Luke Rusden

During this same period of January 2024, 22 members resigned bringing our total membership number to 1193 members.

We wish our resigned members all the best and welcome our new members. We are sure you will enjoy your time at the club.

Above: Chrissy Rose, MGC Membership Manager, busy working for NZ Golf as the Transport Manager at the NZ Open in Queenstown over the last week.

COURSE WORKING BEES

We often have offers from members to help around the course — these are greatly appreciated.

Kiel has locked in two dates in early March for course working bees. We will be focusing on the area around the 8th tee. Kiel is very keen to have anyone who has experience in trimming and also people who could help with cleaning up the trimmings.

Thanks to those who turned out for the first working bee on Sunday. The next working bee is scheduled for Thursday the 7th of March 8.30am to 11.30am

If you are planning to come along to help on Thursday, please let Kiel know by emailing course@manawatugolfclub.com.

Thanks in advance to those members who can help.

WHAT'S ON IN MARCH

Please note this programme is subject to change. Please remember to always check and book via the tee sheets on the Club website or at the card room kiosk for available tee times.
